BUSINESS

18. UPDATE ON ACCEPTANCE OF GRANT AWARD FROM CLARK COUNTY IN THE AMOUNT OF \$23,790,984 FOR CORONAVIRUS RELIEF FUNDS AND AUTHORIZE THE CITY MANAGER OR HIS DESIGNEE TO CONTINUE TO ENTER INTO APPROPRIATE AGREEMENTS. (CITYWIDE) (FOR POSSIBLE ACTION)

City Manager Juden stated that the City has done a good job of supporting businesses during the pandemic. He provided background on how the City received CARES Act dollars through the County. He noted that the funds should have come directly to the City from the State and that the City has not received its full allocation based on Federal provisions. City Manager Juden described the programs the City has provided and gave an update on those to be provided in 2021. He stated the City has around \$8M left to be used for businesses. He stressed that the City has been very prudent in investing these funds back into the community, unlike counterparts in the State and across the nation. He said there is still dramatic need in the community and that the City Council's vision is to address that need. In response to Mayor Lee and Councilman Cherchio questions, City Manager Juden noted that the way CARES Act dollars were shared with the City was not ideal, not how the Federal government intended, and that the City hopes to receive its full entitlement and in that in the next relief process hopes funds come directly to the City. He stressed that more could have been done more quickly in 2020 had the funds for the City been directly and promptly given to the City.

(CITYWIDE) (FOR POSSIBLE ACTION)

Housing and Neighborhood Services Manager Damian provided a presentation on City entitlement grants, including this year's CDBG and ESG funding allocations, and the

need to reallocate funds for the STEM Center using funds originally allocated for the library. He stated the building that would have housed the new library was burned and thanks to the City's ability to submit a substantial amendment, the City is able to allocate those funds for a STEM center. Manager Damian described the benefits of a STEM center, noted that it should be in operation in the fall, and fills a need to provide training and placement centers for residents who would otherwise not be able to afford them. In response to Councilwoman Goynes-Brown's question, Mr. Damian shared how the intake process would work, noting that staff and Nevada Partners are still finalizing the intake processes and curriculum.

CITY MANAGER'S REPORT

City Manager Juden thanked his team and described how one focus for staff is team building, such that department directors have a firm understanding of functions in all departments. He provided an example of how staff would be hearing a presentation from Land Development and Community Services on how permitting works in that department. City Manager Juden stressed that he and his staff are using the lessons learned from the pandemic to make the City more agile and would continue to change the way the City provides services. He shared that staff have received a survey to report lessons learned from the pandemic and things that staff had hoped to implement but had not implemented and why. He said that once the results are collated that they would be brought to Council for review.

PUBLIC FORUM

John Jenkins, 1812 Coolidge Street, North Las Vegas, sent in written comments to Council and also attended the meeting. He reported that his home was vandalized when he was away for several days. He stated he was concerned because his neighbors had called the police multiple times, but that no police were dispatched to his home to investigate the damage and to make the homeless people who caused the damage to move along. Mayor Pro Tempore Barron stated Mr. Jenkins' home was in Ward 1 and the he and Police Captain Harris would speak with Mr. Jenkins after the Council meeting about his concerns.

Jeff Alpert, 3828 Fuselier Drive, North Las Vegas, called into the meeting. He described an issue he had in getting into the meeting to be heard under the first public forum. Mr. Alpert congratulated City Manager Juden on winning the Cashman award. Mr. Alpert is a member of the City's Citizens' Advisory Committee and said the Committee worked hard to provide the CDBG and ESG recommendations approved by the City Council tonight as Items Nos. 4 and 5. In regards to Items No. 19 and 20, Mr. Alpert asked that if residents from other cities could attend the new STEM Center if other cities would be funding the Center. Mr. Alpert is the City's appointee to the Clark

County Community Development Advisory Committee and shared that this Committee recently approved funding for three City of North Las Vegas programs. Mr. Alpert reported problems he had in getting a COVID-19 vaccination.

Having no more requests to speak, Mayor Lee closed the public forum.

ADJOURNMENT

Mayor Lee adjourned the meeting at 5:32 PM.
