**STAFF COMMENTS AND BACKGROUND INFORMATION:**

The Account for Affordable Housing Trust Funds program (AAHTF) is a state funded program for affordable housing. Funds are allocated by formula to participating jurisdictions (state and local governments) to expand and improve the supply of rental housing through new construction and rehabilitation of multi-family projects.

AAHTF funds may also be used to provide financing for down payment assistance and homeowner rehabilitation of single-family residences, and to provide emergency assistance to families who are in danger of becoming homeless. Funding is supported with a real property transfer tax of ten cents for each \$500 of value or fraction thereof. All funds allocated must be used to benefit individuals and families whose incomes do not exceed 60% of the area median income (or lower), as defined by the U.S. Department of Housing and Urban Development (HUD).

The State of Nevada passes AAHTF funds through Clark County to the City and approval of the Interlocal Agreement with Clark County will allow Clark County to reimburse eligible grant expenditures undertaken by the City and its contracted agencies. This Interlocal Agreement is renewed on an annual basis.
