STAFF COMMENTS AND BACKGROUND INFORMATION:

The Water Site Security Project involves installing and/or upgrading the camera systems and equipment at the City’s water system, reservoir and pump station sites. Teledata Technologies is the preferred contractor for this project, as they previously installed the equipment. Their staff is trained and authorized to install, service and repair the Milestone X-Protect equipment for the upgrade. The scope of work falls within the guide lines of NRS 332.115, allowing the City to award the project to Teledata Technologies.

Staff recommends that the City Council approve the Purchase of Upgraded System Equipment and Installation Agreement with Tele/Data Contractors, Inc. DBA Teledata Technologies.
