**Reference: Conforming Zone Change/Vacation/Tentative Map
Letter of Intent for Commerce/Washburn
Apn# 124-34-701-005 Approx. 5.22 +/- acres.**

Dear Mr. Eastman :

On behalf of our client Beazer Homes, Inc., we are pleased to provide information regarding the proposed detached single-family development known as Commerce/Washburn planned for the above referenced parcel number. This proposed single-family development is located east of Commerce Street and south of Washburn Road consisting of approximately 5.22 acres (gross).

Zone Change

We are requesting to rezone the property from R-E (Ranch Estates) to R-1 (Single Family Low Density). This property has a master plan designation of Mixed-Use Neighborhood which allows single family residential. This proposed single-family development will consist of twenty-two (22) lots on 5.22 acres with a maximum density of four point twenty-one (4.21) units per acre which is allowed. Therefore, this development complies with the master plan designation and has been designed with the R-1 standards in mind. This development will offer five (5) plans with multiple elevations ranging from approximately 1,750 s.f. up to 3,166 s.f.

Vacation

We are requesting to vacate Rosada Way located on the south edge of our parcel. Thirty (30) feet in width and Three hundred and two point eighty-seven (302.87) feet long with the associated spandrel.

Tentative Map

We are requesting to map a twenty-two (22) lot subdivision on five-point twenty-two (5.22) acres.

We are respectfully requesting your favorable recommendation for the proposed zone change, Vacation and Tentative Map. We feel that this will be a premier detached single-family development located in the Northeast area of the Vegas Valley. We look forward to working closely with various City of North Las Vegas staff on the design of this development. We also believe it offers a variety of product types for future buyers and we believe that this project is compatible to the surrounding developments.
