PROCLAMATIONS

PROCLAMATION HONORING NEVADA SENATOR PAT SPEARMAN.

Government Affairs Director Luke introduced the proclamation, stating that Senator Spearman is a strong and long-time advocate for veteran affairs, active duty military, civil liberties and equal rights. Director Luke explained how Senator Spearman actions led to the adoption of the Nevada State Resolution SCR1 adopted during the 2020 Special Legislative Session in regards to the public health crisis caused by systemic racism. Director Luke stated that her impassioned support and leadership on SCR1 inspired the North Las Vegas City Council to adopt Resolution No. 2655 on September 2, 2020 condemning historic discrimination against city residents. Mayor and Council members individually thanked Senator Spearman for her leadership and read aloud the proclamation declaring December 16, 2020 Senator Spearman Day. Senator Spearman provided personal experiences to provide a tangible example of why she is so passionate about this. She stated that Nevada is leading the way in deconstructing racism within the state and the country and want that to be a reality for everyone.

She provided a list of conditions to be included with the new plan. She stated that the conditions are important and are what is going to make this new development compatible with the neighborhood and within the rural preservation overlay. She listed the following seven conditions for developing 14,500 square foot or larger lots.

1. All single story homes
2. An equestrian trail around the perimeter around the development and up Lone Mountain with a 3-rail white fence so that it matches the rural preservation area
3. An eight-foot block wall specifically along the northern property line and are willing to do in other areas if necessary, but feel this might not be good along Lone Mountain

(CITYWIDE) (FOR POSSIBLE ACTION)**

City Manager Juden provided an update on the academy. He stated that the City created the academy to handle the educational void created by the closure of the

school district during the pandemic. He stressed that the school district's remote learning plan left many City schoolchildren needing an alternative learning platform. He stated the City stepped up and created the academy to fill this void. He stressed this was not a City responsibility to do this, but that the City did this because it was needed and wanted to provide an educational platform for the "lost" city students did not have the resources to log into the school district's remote learning platform. He stated that those who have attended SNUMA have improved scores and provided highlights of some of the grade levels.

He thanked the team and Councilwoman Goynes-Brown for helping students the City knew would be left behind without an academy like SNUMA. He stated SNUMA is an investment in the City's children, saying this is another example of how the City is wisely using the CARES dollars by directly addressing impacts created by the pandemic.

He stated the original contract in the fall was to create educational opportunities for City children. Mr. Juden stated that this contract is to expand SNUMA to reach out to more kids and families, to work with principals to identify more children who are in harm's way and bring them into a program where they can be successful. He stated that the City is very concerned with the disproportionate number of completed and attempted suicides of school-aged children in the City and need to address that as well.

City Manager Juden stated that the revised estimate projects that the City will be \$68M short due to the pandemic. He stated that he believes the CARES dollars received and the programs and moratoriums in place to assist residents and businesses are masking the true economic impact of the pandemic. He stated he believes that the true effect and economic pain is yet to come. He cited unemployment and the potential for another housing crisis mandate that the City prepare to handle the fallout and need a multi-year strategy. He asked Council to approve this transfer as the first step in the City's multi-year strategy.
