STAFF COMMENTS AND BACKGROUND INFORMATION:

Council directed staff during the January 6, 2021 Council meeting to provide an update regarding the possibility of creating a Community Diversion Court to complement the positive mission of the CCC and to further promote rehabilitation for lower-level offenders. Staff will report back on the progress and proposed actions.

Nationally, diversion programs have shown promising results in reducing recidivism and promoting public safety across communities. The City opened the North Las Vegas Community Correctional Center in July 2020 with the goal of improving offender outcomes, increasing rehabilitation and reducing recidivism for the benefit of all constituents. Staff believes the creation of a Community Diversion Court will further complement and advance this mission.
