

CITY OF NORTH LAS VEGAS

INTEROFFICE MEMORANDUM

To: Amy Michaels, Principal Planner, Land Development & Community Services
From: Robert Weible, Land Development Project Leader, Department of Public Works
Subject: T-MAP-04-2021 **Centennial Goldfield**
Date: March 22, 2021

In addition to the requirement to comply with the *City of North Las Vegas Municipal Code – Titles 15 and 16, NRS 278* and accepted *Clark County Area Uniform Standard Drawings*, the Department of Public Works recommends the following conditions of approval:

1. All known geologic hazards shall be shown on the preliminary development plan, tentative map and the civil improvement plans. Geological hazards such as fault lines or fissures affecting residential structures may substantially alter the tentative map layout and require the submission of a revised tentative map which must be approved by the City prior to final approval of the civil improvement plans. The footprint of proposed structures shall be plotted on all lots impacted by faults and/or fissures and a minimum width of five (5) feet shall be provided from the edge of any proposed structure to the nearest fault and/or fissure.
2. Approval of a drainage study is required prior to submittal of the civil improvement plans.
3. Proposed residential driveway slopes shall not exceed twelve percent (12%).
4. All common elements shall be labeled and are to be maintained by the Home Owners' Association.
5. The street names shall be in accordance with the North Las Vegas Street Naming and Address Assignment Standards, and must be approved by the City of Las Vegas Central Fire Alarm Office.
6. Approval of a traffic study is required prior to submittal of the civil improvement plans. Please contact Traffic Engineering at 633-2676 to request a scope. A queuing analysis may be required.
7. All driveway geometrics shall be in compliance with the *Uniform Standard Drawings for Public Works' Construction Off-Site Improvements* Drawing Number 222.1.
8. The size and number of access points and their locations are subject to review and approval by the City of North Las Vegas Traffic Engineer and must meet the standards set forth in *North Las Vegas Municipal Code* section 17.24.040. Conformance may require modifications to the site.
9. The public street geometrics and thickness of the pavement sections will be determined by the Department of Public Works.

10. The proposed stub street at the westerly end of Street B must be revised to comply with the *City of North Las Vegas Municipal Code* section 16.20.050.P which states: Terminal streets, not to exceed one hundred fifty (150) feet in length, as measured from the face-of-curb of the intersecting street to the face-of-curb of the terminal street, and with a maximum of four fronting lots, shall terminate in a cul-de-sac with a minimum back-of-curb radius of twenty-four (24) feet.
11. Dedication and construction of the following streets and/or half streets is required per the *Master Plan of Streets and/or Highways* and *City of North Las Vegas Municipal Code* section 16.24.100:
 - a. Goldfield Street
 - b. Regena Avenue
 - c. Centennial Parkway (sidewalk)
12. All Nevada Energy easements, appurtenances, lines and poles must be shown and shall be located entirely within the perimeter landscape area of this development. Distribution lines, existing or proposed, shall be placed underground if impacted by the proposed development of the parcel or if the pole impedes upon the proper ADA clearances for sidewalk. Under no circumstances will new down guy wires be permitted.

For information only:

- This project shall comply with the General Provisions and Conditions of the *City of North Las Vegas Water Service Rules and Regulations* and the *Design and Construction Standards for Wastewater Collection Systems*.
- Submittal of a Hydraulic Analysis per the *Uniform Design and Construction Standards (UDACS) for Potable Water Systems* is required and will be subject to the review and approval of the Utilities Department.

For more information regarding the land development process and other associated requirements in the City of North Las Vegas, please visit the City's website and find the **Land Development Guide**: <http://www.cityofnorthlasvegas.com/Departments/PublicWorks/PublicWorks.shtm>.

CITY OF NORTH LAS VEGAS
Planning Department
2250 Las Vegas Boulevard
North Las Vegas, Nevada 8903

Attention: Planning Department

Subject: SWC Centennial-Goldfield (Letter of Intent)
RE: APN's 124-27-502-011 – 11.94 Gross, 10.21 Net Acres

Planning Department:

Subject:

1. Comprehensive Plan Amendment
2. Property Reclassification
3. Tentative Maps
4. Vacation of Easements
5. Variance

On behalf of our client Richmond American Homes, VTN Nevada is requesting the approval of a Comprehensive Plan Amendment, Property Reclassification, Tentative Map, Variance and Vacation of easements for the above referenced parcel. Richmond American Homes is proposing to develop the subject parcels of land as a 50-Lot residential development with a proposed zoning of RC-L (Single Family-Compact Lot) from C-1 (Neighborhood Commercial) and a Comprehensive Plan Amendment from CC (Community Commercial to SFM (Single Family Medium within the jurisdiction of the City of North Las Vegas.

The proposed residential development is located South of Centennial Parkway and East Pecos Road.

Project Information:

The project consists of 11.94 gross acres with 10.21 +-acre (net).]

The project site is bound by properties with planned land use and zoning as follows:

- North: C-1 (Planned Unit Development – Residential)
- South: PUD (Planned Unit Development) Residential
- East: R-4 (High Density Residential)
- West: C1 (Neighborhood Commercial)

1. Comprehensive Plan Amendment

The applicant is requesting a General Plan Amendment for the following:

GPA: From CC (Community Commercial) to SFM (Single Family Medium)

2. Property Reclassification

The applicant is requesting a Zone Change for the following:

1. Zoning: From C-1 (Single Family Residential) to RCL (Single Family-Compact Lot)

T-MAP-000004-2021

ZN-000005-2021

AMP-000002-2021

The Project

The proposed development will consist of the following uses:

The plans depict a proposed single-family residential development consisting of 50 residential lots on approximately 10.21 +/- acres for an overall density of 4.89 dwelling units per gross acre. The proposed project consists of the following lot sizes:

1. Lot Size @ 40' x 95' = 50 Lots (100 %)

Within the community, there will be lush landscaping and ample amenities for the residents. There is 22,772 square feet of open space being provided where 17,500 square feet of open space is required.

The calculations are as follows:

Lots Sizes

5,000 sf. @ 150 sf. @ 50 lots x 150 sf. = 7,500 sf.

Total Required = 7,500 sf.

Centrally located open space @ 75% of overall (7,500 x .75%) = 5,625 sf required

Centrally located open space provided = 6,859 sf.

Total Open Space Provided = 10,067 sf.

The development is providing a 20-foot landscaping buffer along Centennial Parkway and 10-foot landscaping buffer along both Goldfield Street and Regina Avenue respectively. The applicant will be providing a landscaping buffer with 24-inch box trees planted 30 feet on center to provided buffering and transitioning between existing surrounding properties. As the trees mature, the canopy will provide more buffering

The development will be accessed from Regina Avenue via a 60-foot entrance street and a 49-foot public street system providing service to each home. The subject property is located at the south of Centennial Parkway and west of Goldfield Street and north of Regina Avenue. Centennial Parkway is currently a 100-foot right of way with partial improvements. Goldfield Street is currently a 60-foot right of way with limited improvements and Regina Avenue is currently a 60-foot right of way with partial improvements. The proposed development will be providing half (1/2) street improvement on all public streets along the property frontages.

The proposed improvement will include completing the existing pavement, providing curb and gutter, streetlights, sidewalks and landscaping buffer along all property frontages.

There are existing commercial shopping centers located directly west and northwest and northeast of the Site. Due to the amount of and variety of already existing commercial in the immediate area, new commercial tenants are not interested in this location. Below is a list of several of the existing commercial and office users in the immediate area:

- Sky View Multi-Generational Center and Park
- Dollar Tree
- Bourbon Street
- Arco AM-PM gas station
- Pizza Hut
- Taco Bell
- AutoZone
- Somerset Academy
- Shell Gas Station
- Circle K
- Tire Works
- Dollar Storage
- Auto Care Center
- Japanese Curry and Ramin
- Habaneroos Taco Grill
- Office complexes
- Restaurants including family sit down restaurants and drive-thru.

REVISED

DATE: 3/24/21

T-MAP-000004-2021
ZN-000005-2021
AMP-000002-2021

Not only is there is an abundance of existing commercial, office in the immediate area to support this residential development, there is other vacant commercial space available. Additional commercial would struggle to survive as the majority of needed users are already present in the area. Furthermore, with the current vacancies of commercial space, multi-family would assist with bringing additional customers to the area to support these already existing spaces. Therefore, the Comprehensive Plan Amendment and Property Reclassification request from C-1 to RC-L is not only appropriate, but necessary.

3. Tentative Map

1. For a 50-lot residential subdivision.

4. Vacation Request

The applicant is requesting to vacate the following easements within the property boundary:

Easement # 1

**NEVADA POWER COMPANY AND CENTRAL TELEPHONE COMPANY EASEMENT
BOOK 1194, INSTRUMENT NO. 1153280**

APN: 124-25-502-011

Easement # 2

**SIDEWALK, PUBLIC ACCESS, UTILITY AND MAINTENANCE EASEMENT
BOOK 20060413, INSTRUMENT NO. 01004**

APN: 124-25-502-011

Easement # 2

**ROADWAY AND UTILITY EASEMENT
BOOK 20060427, INSTRUMENT NO. 04953**

REVISED

DATE: 3/24/21

APN: 124-25-502-011

5. Variance Request

The applicant is requesting a Variance to reduce the street side setback for Lot # 28 from 10 feet to 6.5 feet.

J-MAP-000004-2021
2N-000005-2021
AMP-000002-2021

Architectural Plans

Single Family Attached / Rowhouses

The elevations for the development consist of four (4) single-story models. Each model has three (3) elevations including covered entrances, building pop-outs, etc. All elevations on the plans depict enhanced architectural elements. The floor plans show homes ranging in size from 1,740 to 2,150 square feet (livable area) with options, which may further increase the area of each model. Each model will have a 2-car garage (front-loaded).

Public Utilities

Sanitary Sewer

Sewer service is provided from exiting (8) eight-inch sanitary sewer line located in Regina Avenue, an (8) eight-inch line located in Centennial Parkway and an (8) eight-inch inch sewer line in Goldfield Street. The applicant is proposing to the exiting lines in Regina Avenue to provide service to the proposed development.

Water

Existing water service is also located in Regina Avenue, which consists of an existing (8) eight-inch line, an (24) twenty-four line in Centennial Parkway and an (12) twelve-inch line in Goldfield Street. The applicant is proposing to connect to the (8) eight-inch line in Regina Avenue to provide service to the proposed development.

Storm Drainage

Drainage from the site will be directed through the internal private streets and conveyed to a drainage easement through the site and will conform to City of North Las Vegas standards.

Flood Zone

The subject property is not within a flood zone.

We thank you in advance for your time and consideration. If you have any questions or comments, please feel free to contact me at 702-873-7550.

Sincerely,

Jeffrey Armstrong
