Section 1 Introduction

NRS 271.425 authorizes the City Council to apportion the assessment into newly divided parcels that are a part of the SID No. 65 (Northern Beltway Commercial Area). The process is described in the Methodology section of the Final Engineer's Report, dated May 12, 2017, as approved by the City Council and is on file in the City of North Las Vegas, Office of the City Clerk.

The reapportionment described identifies the redistribution of the proportionate share of the debt service on the "Divided" parcels. Subsequent apportionments will not change the assessment on the "Divided" parcels or result in an increase of the principal balance of any assessment to an amount such that the aggregate amount which is assessed against a tract exceeds the minimum benefit to the tract that is estimated to result from the Project which is financed by the assessment.

Included in this report are the final reapportionment calculations for this portion of SID No. 65 (Northern Beltway Commercial Area), as shown in recorded map SF 219-71.
