PUBLIC HEARINGS

21. RATIFY THE NORTH LAS VEGAS TEAMSTERS LOCAL 14 SUPERVISOR COLLECTIVE BARGAINING AGREEMENT FOR THE PERIOD OF JULY 1, 2021 THROUGH JUNE 30, 2024. (CITYWIDE) (FOR POSSIBLE ACTION)

City Manager Juden stated that Item Nos. 21, 22 and 23 are related and will be voted on separately. In compliance with Nevada Revised Statutes, City Manager Juden read into the record the Fiscal Impacts for the Teamsters Local 14 Supervisor, Non-Supervisor and Administrative Collective Bargaining Agreements. He stated that each agreement has a three-year term expiring on June 30, 2024, and reflect the same COLA for 2021, which is similar to other bargaining groups in the City. He stated that the rate is 2.75% with a one-time lump sum payment. He continued by stating that the COLA for future years is limited to the index with a ceiling of three percent, and a floor of two percent. As part of the agreement, the City will increase the monthly contributions for the Teamsters HealthCare Trust and there will be changes to the wage scale, which increases the top step, and reduces the number of steps from twelve to nine over the three-year term of the agreement. He stated that collectively, the three Collective Bargaining Agreements would cost the City an approximate total of \$15.4 Million over three years.

City Manager Juden thanked the Human Resources team, Council Members and the Teamsters Local 14 for providing good direction and working together to create a contract that has financial and managerial benefits for employees and management. He stated that these contracts would provide predictability from year to year for employees, without returning to the bargaining table year after year, and received 97% approval from employees.

Mayor Lee invited Teamsters Local 14 Chief Shop Steward, John Ortega to the podium.

Teamsters Local 14, Chief Shop Steward Ortega thanked the Bargaining Committee Staff and the Human Resources team for their hard work on the execution of the contract.

He continued by thanking the Teamsters Local 14 Committee and its members for the top quality service they continue to provide.

Mayor Pro Tempore Cherchio stated that Teamsters Local 14 members have the City's best interest at heart and he thanked them for their service to the community and City. He thanked Mr. Ortega and the bargaining committee for their hard work during bargaining.

Councilman Black stated that he considered the \$15.4 million allocated in the three collective bargaining agreements to be a sound investment into a diverse group of individuals, who themselves have made an investment of their own in the City by virtue of their skill sets, education, training and backgrounds.

Councilwoman Goynes-Brown thanked Mr. Ortega and the Teamsters Local 14 Board. She continued by stating that the Teamsters are an invaluable part of government and City functions. She continued by thanking internal staff for a job well done, now and in the future.

Councilman Black asked whether this was the final Bargaining Group before the City for approval.

City Manager Juden responded by stating that there is one Collective Bargaining Group outstanding. The City is in the process of rectifying some concerns and hope to have the matter concluded soon.

29. PRESENTATION REGARDING THE CITY OF NORTH LAS VEGAS COMMUNITY INPUT RECEIVED AT THE AMERICAN RESCUE PLAN ACT LISTENING TOURS AND SURVEY RESPONSES. (CITYWIDE)

Chief of Staff Gipson and Assistant City Manager Melesio provided a slide presentation on the American Rescue Plan Act (ARPA) Activities. Assistant City Manager Melesio stated that these funds are \$46.3 Million in emergency funding provided to the City by the Federal Government. He stated that the City intends to utilize these funds within the community and in five years, there should be a positive impact.

Chief of Staff Gipson stated that the City engaged the community through various means. One method was Town Hall meetings held with the community, where residents and stakeholders expressed the need for affordable housing, combatting homelessness, job creation, economic development and education within the community.

Mayor Lee asked whether improving infrastructure to improve transportation would be included in the assistance to workers, families and business funding from the American Rescue Plan Act. He continued by asking whether the American Rescue Plan Act funds would be deployed to the City directly by the Federal government.

City Manager Juden responded that assistance to workers, families and businesses would be similar to the direct allocation strategy used to disperse CARES dollars to the community. He continued by stating that infrastructure dollars would be first analyzed

for projects that are directed toward improving infrastructure prior to reviewing whether American Rescue Plan Act funds would be appropriate for infrastructure projects.

Councilwoman Goynes-Brown asked whether the funds would be available to provide resources for grant writing or grant sourcing for supporting non-profits within the City.

City Manager Juden responded that a project to maximize resources for non-profits and businesses within the City is in the works. He continued by stating that since non-profits and the services they provide are regional, the City is working on ensuring the funds deployed by the City would benefit the residents.

Councilman Black stated that two of the three top rank categories from the community response meetings align with the City's strategic plan. He continued by stating that category number three in relation to public health was not acknowledged. He stated that the pandemic has revealed deficiencies within our public health infrastructure. He continued by asking whether the City can allocate a small team of individuals to attend the Southern Nevada Health District Strategic Stakeholder meeting. He stated that attending this meeting would be an opportunity for the City to analyze programs that may be relevant to the City and possibly invest American Rescue Plan dollars toward obtaining additional resources for the community.

Mayor Pro Tempore Cherchio asked whether \$46.3 million is a guaranteed amount to the City.

City Manager Juden responded in the affirmative and continued by stating that while the City's allotment is received directly from the federal government, the State was allocated funding designed to benefit the City's residents. He continued by stating that the City would work with the State to identify projects that should be allocated funding.

Councilman Barron stated that the Covid-19 pandemic has exposed weaknesses in society such as lack of investment in public health, affordable housing and education. He continued by stating that the American Rescue Plan Act funds deployed to the City by the federal government is an investment into our community.

City Manager Juden responded that the American Rescue Plan Act Funds deployed by the federal government are funds paid through taxes by residents and businesses therefore, it is important to ensure the residents of North Las Vegas benefit from these resources.

ACTION: PRESENTATION ACCEPTED

Councilman Black asked about the dollar value of the Private Activity Bond Volume Cap to be transferred.

Land Development and Community Services Director Jordan responded that the amount to be transferred is \$14,200,515.09

Councilman Barron stated that this is a historic moment. He continued by stating that Resolution No. 2671 provides the funding to transform a once underserved community.
