**ANALYSIS**

The applicant is requesting consideration to reclassify (rezone) the subject site from R-2, Single-Family Medium Density District to R-3, Multi-Family Residential District. The subject site consists of one parcel that is approximately 2.10 acres located at the northwest corner of Donna Street and Rome Boulevard. The Comprehensive Master Plan Land Use designation for the subject site is currently Mixed-Use Commercial (*proposed to Multi-Family*). The applicant is proposing to develop this parcel (124-23-301-016) and the adjacent parcel (124-23-301-015), into a multi-family residential development. The letter of intent states the proposed development is for 110 upscale apartments for the growing housing demand.

The proposed R-3, Multi-Family Residential is compatible with the *proposed* Multi-Family land use. The surrounding land uses currently consist of Mixed-Use Commercial, Mixed-Use Neighborhood, Multi-Family Residential and Single-Family Low. These areas are developed with a commercial center (*Deer Springs Crossing*) to the west, multi-family residential is to the south. There is single-family residential to the east with detached homes on 6,000 square foot lots and vacant land to the north that is designated to be incorporated into this proposed development. Staff has no objections to the proposed request.

### **Approval Criteria: (Zoning Map Amendments)**

The City Council may approve zoning map amendments, and the Planning Commission may recommend approval, if the zoning map amendment meets all of the following criteria:

- (1) The rezoning will promote the public health, safety, and general welfare;
- (2) The rezoning is consistent with the comprehensive master plan and the purposes of this Code;
- (3) The rezoning is consistent with the stated purpose of the proposed zoning district(s);
- (4) Facilities and services (including roads and transportation, water, gas, electricity, police and fire protection, and sewage and waste disposal, as applicable) will be available to serve the subject property while maintaining adequate levels of service to existing development;
- (5) The rezoning is not likely to result in significant adverse impacts upon the natural environment, including air, water, noise, storm water management, wildlife, and vegetation, or such impacts will be substantially mitigated;
- (6) The rezoning is not likely to result in significant adverse impacts upon other property in the vicinity of the subject tract; and
- (7) Future uses on the subject tract will be compatible in scale with uses on other properties in the vicinity of the subject tract.
